- Requirements:** Rebates will be applied to your Clearwater-Polk Electric account
- All equipment must be new and be installed on a Minnkota member cooperative system or a NMPA municipal system.
 - Must be installed by qualified, insured contractor**
 - Air-source heat pumps and mini-splits do not have to be part of an off-peak heating system to be eligible for this rebate.
 - All other** Electric heating systems must be on off-peak with a qualified backup heating system.
 - Electric heating must be the primary source designed to heat the building.
 - Electric heat is individually metered under a special rate.
 - Electric heat equipment must be hard wired (no plug-in loads eligible for rebate).
 - Air-source and ground-source heat pumps must meet the CIP requirements outlined in the electric heat program description.
 - Rebate not to exceed \$1,200 for all eligible heating equipment rebates per off-peak electric heat meter.
 - Requests can be made to exceed maximum rebate for large installations. Rebate will be reviewed on a case-by-case basis.
